Commissioner Bob Stump  
1200 W. Washington - 2nd Floor  
Phoenix, AZ 85007

Honorable Commissioner Stump,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Ms. Lynne Smiley

Commissioner Bob Stump  
1200 W. Washington - 2nd Floor  
Phoenix, AZ 85007

Honorable Commissioner Stump,

I understand the need for more revenue by TEP, however please do not increase the base amount or fees on my electric bill. As someone who does everything he can to keep my bills low, I respectfully ask that the rate increase be born solely by those who use the most electricity.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,
